[REDACTED]

This is the case I mentioned at lunch. Subject is strongly desired by TRD and has been doing the job since its inception with no supplement to his retired pay of about \$4,400 (tax free). The position is set up at about \$8,800 net.

Under the circumstances, we will not be compelled to object on legal grounds.

If approved, mechanics of payment will be worked out with Finance and TRD including assignment of pseudonym.
